CTcoin™

A unique line of self-service machines

As a result of CTcoin's long tradition of product development combined with a successful collaboration with Bang & Olufsen designer David Lewis a new generation of self-service cash deposit machines is introduced. Penguin + models 709 have higher speed, lower noise level and more options.

A reliable cash deposit machine

CTcoin's 5th generation alloy sensor technology ensures highest counting accuracy and rejects foreign coins, counterfeit coins and tokens etc.

Improved features:

- Speed: Up to 1100 coins/minute
- Reduced noise: More than 50% noise reduction

Penguin 709 S+ offers all the well-known CTcoin advantages:

- Sorting of up to 9 coin denominations
- Counting of up to 20 different coin denominations
- Rejection of foreign coins, counterfeit coins, tokens etc.
- 2 different coin denominations can be shown in the 4 x 20 line display
- Automatic coin feeding (conveyor belt)
- Tilt sensor for easy cleaning of coin rail
- Programmable bag stop (by number or weight)
- Battery back-up
- Interface RS 232 (PC connection)
- CTcoin's patented hopper cleaning system
- Rail-stop function
- Programmable fee system
- Printer

Dimensions:

709 S+, R+ & V+

Length:	910 mm
